

THE WHITE HOUSE
WASHINGTON

PRESIDENT BIDEN'S TOP ACCOMPLISHMENTS

for screaming at your Granny at Christmas dinner

DEFENDING UKRAINE & STICKING IT TO PUTIN

- There is no limit to the cash we will send from here to Kyiv, Sla-Saliva Ukraini
- I worked to ensure a total of \$66 billion in taxpayer funds was sent to Ukraine
- Vlad Putin is losing this war and we haven't even begun to fight
- I helped Zelenskyy secure Time Magazine's Man of the Year

THE MEDIA PROCLAIMED WE'D SEE A RED TSUNAMI — it was a red trickle

- The GOP is **drowning** in a sea of **BLUE**
- Republicans may have seen decent gains in the House, but we **TIED** in the Senate
- The American people sent a clear message that we are united against the Republican Party

Worked to continue the draining of our National Oil Reserves

- My administration has released a historic total of **172.4 million barrels** from our strategic oil reserves between March 4th and Oct. 14, 2022
- I just released an **ADDITIONAL 15 million barrels** just this past November

Worked to modernize the IRS by adding an additional 87,000 fully-armed agents

- With the help of our newly-enlisted IRS Agents, we are able to now audit payments of as low as \$600 when using popular apps like Venmo, CashApp, Paypal, etc.
- We are training our IRS agents to adequately handle taxpayers
- Our biggest concern is safety, so we have begun distributing fire-arms to our agents to ensure Mom and Pop aren't pulling one over on Uncle Joe

Worked with constituents to ensure ALL children have access to properly inclusive sex-ed, self-flagellation techniques, and gender affirming care

- I helped encourage adults who are passionate about teaching children ages 5-12 about sexual education
- We are committed to not allowing a **single book to be banned** in our schools. Even if there are references to sexual innuendo, or graphic depictions of fellatio.
 - Most of these are just cartoon books, folks — you've all watched cartoons
- Puberty blockers are fully-reversible. You just stop taking them and it's like you never started, no side-effects or nothin' — **my wife's a doctor man**

The verdict's out: I'm the most bipartisan president of the last 100 years

- It's true
- I'm fully committed to unifying the two-sides of this country
- I've said it once, and I'll say it again...the biggest threat to our democracy are radical, right-wing extremists. The ones going to school board meetings, showing up at family-friendly drag shows, c'mon man you know the thing. We've gotta come together.

*MERRY HOLIDAYS,
from Joe and Jill*
